

## Heart of Texas Airshow - Angle of Attack Seminar

Angle of Attack - We will take a good look at Angle of Attack (AoA) and what it means to the everyday pilot. You'll see and "hear" how AoA works with a wind-tunnel demonstration. We'll take a look at the areas pilots have operational control of AoA, and we'll look at AoA accident histories so that we can learn from others mistakes.

**Directions:** Exit I-35 on E. Crest Dr. and turn right (Northeast). Travel Northeast on E. Crest Dr. 1.3 miles to Airline Dr. Turn right (Southeast) onto Airline Dr. and travel 0.6 miles to 7th St. Turn left on 7th St.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
